- RLA/06/901 - Second Meeting on AIDC Implementation in Lima.

**October** - IFALPA RASG-PA/FDAP (NAM/CAR/SAM) Meeting in Miami.

**November** - IFALPA PGA MEETING in Bogota.

#### **3. CONCLUSION**

During the year of 2016, I participated in several meetings in Brazil, including The First National Aviation Congress, hosted by SNA (Brazilian National Flight Crew Union).

I have been working in discussion regarding open skies in Brazil and the total opening of the capital of national companies to foreign ones. I strive to bring to Brazil the experiences of CAR/SAM's countries regarding those policies.

For the next year, I will work to add to the meetings list, visits in CAR/SAM area. The purpose is to work with all the region team in order to enhance the partnership, sharing studies and experience.
