

Letter of Support - Request for Mutual Assistance for SNA Brazil

Dear Captain Diego Barrionuevo,

On behalf of the Associação dos Pilotos Portugueses de Linha Aérea (APPLA), we would like to express our solidarity with the Sindicato Nacional dos Aeronautas (SNA) regarding the concerns raised through the campaign “For the Right to Fly Safely - Against the Collapse of the Brazilian Air Transport System”.

We acknowledge the importance of protecting flight safety, ensuring adequate fatigue management regulations, and safeguarding fair and sustainable working conditions for all aviation professionals.

APPLA supports SNA’s efforts in defending a safe, properly regulated, and sustainable aviation system, recognizing that operational safety must always remain the highest priority.

Please convey our support and solidarity to all Brazilian aviation professionals involved in this matter.

With our best regards,

APPLA’S BOARD
